FLY FISHERS
INTERNATIONAL

Learn to Fly Fish in a Day: Our club is excited to sponsor our 16th annual fly fishing school. This is a high-quality course, open to adults and to youth 11 yrs old and over. The class will provide beginner fly fishers with the basic knowledge and skills to get started in the sport, and will help those familiar with the sport onto a fast track to improve. With this great venue, students will be able to fish and hone their skills with an opportunity to catch fish on a fly rod!

Classroom topics include: Fly fishing equipment and its use; what fish eat and flies to imitate them; streamer, nymph, and dry fly tactics; and catching and releasing fish. Students will develop fly casting skills through several sessions taught by skilled/certified instructors. Students will learn 3 essential fishing knots. Students will spend several hours fishing with our experienced staff who are ready and willing to help.

Casting instruction and fishing are outdoors, so students will need to be prepared for the weather.

Students can bring and learn on their own fly rod, but are welcome to use the TT5R Chapter's fly rods.

Expert Instruction: More than 20 club members volunteer their fly fishing expertise for the academy staff, bringing over 200 years of fly fishing experience to help all students learn our sport and most of all have fun.
